With the COVID-19 event evolving daily, Lampman Funeral Home would like to reassure our families and our community that our doors will remain open and our staff are available 24 hours a day to serve those in need. Given the current situation, we are pleased to assist families to share information with us over the phone or via email if that is a preferred means of communication.

We are happy to welcome all guests to the funeral home, however, to show our commitment to the health and safety of our families, all visitors, our staff and to lessen the spread of COVID-19, we ask those who have travelled outside of Canada or those who are feeling unwell to refrain from entering the premises.

We have implemented several measures and are taking the necessary precautions to sustain a safe and hygienic environment. This includes taking extra measures cleaning and disinfecting common surfaces, equipment, workstations and furniture. Hand sanitizer will also be provided throughout the funeral home.

In keeping with the Government of Ontario, the CDC and the Bereavement Authority of Ontario's recommendations regarding mass gatherings, we currently have a 50-person limit during our visitations and services. We will establish social distancing in our chapel seating, encouraging an "every other seat" policy. Also, during our guests' time with us, everyone will be asked to avoid physical contact, (handshakes, hugging, etc.) and maintain a 6 foot/2 metre distance from others. Furthermore, guests will engage in proper handwashing and practice proper coughing and sneezing protocols.

We know that the situation can change quickly. We will do our best to continue to provide updates as information becomes available. Please do not hesitate to contact the funeral home should you have any questions or concerns (905-892-4701).
